

PLANNING

31ST STREET CORRIDOR IMPROVEMENTS
Barberton, Ohio

Owner:
City of Barberton

Total Project Cost:
\$4.0 million est.

Completion Date:
2013 est.

Project Description:
The corridor study was prepared at the request of the City of Barberton in order to evaluate the physical condition of 31st Street along with conducting a review of its current operation and crash history. The study corridor extended from the north corporation limit near Shannon Avenue to the south corporation limit at Eastern Road.

It was necessary to divide the study corridor up into four sections in order to match funding sources to the recommended improvements.
