

BUILDINGS

AKRON/CANTON REGIONAL AIRPORT North Canton, Ohio

Owner:

Akron/Canton Regional Airport

Total Project Cost:

\$25.0 million

Completion Date:

Phase I - 2006
Phase II - 2007
Phase III - TBD

Project Description:

The Akron/Canton Airport is currently one of the fastest growing airports in the country. As a result, a tremendous amount of effort and funding has gone into several expansion and upgrade projects to prepare the airport for the ever-increasing flights and passenger traffic. Including the recently completed baggage claim addition, GPD has been involved with a multi-consultant design team charged with the new concourse expansion and renovations which will forever change the airport look and function and allow for several additional gates and 2nd level boarding of larger aircraft.
