EDON SUBSTATION

Edon, Ohio

Owner:
North Western Electric
Cooperative

Total Project Cost:
\$1,332,000

Completion Date:
2009

Project Description:
This project involved the design of a 69kV/12.47kV substation with a 10MVA transformer. The design also included a 69kV circuit switcher, bus voltage regulators and four 12.47kV underground distribution feeder exits with reclosers.
