

PARKS & RECREATION

MILL CREEK FALLS TRAIL & OVERLOOK
Cleveland, Ohio

Owner:
Cleveland Metroparks

Total Project Cost:
\$1.3 million

Completion Date:
2002

Project Description:
GPD designed a trail of 0.3 miles to extend an existing Cleveland Metroparks trail to the previously undiscovered Mill Creek Falls, the tallest waterfall in Cuyahoga County.

The project features two falls overlooks; one on-grade at the top of the falls and the other midway down the falls on a structure cantilevered from the cliff. It also includes a pedestrian bridge, several retaining wall types to address the dramatic terrain, a trail head and two at-grade road crossings.
